WHEN **KEEP** MEETS THE **EUSBSR**

KEEP IS AN ONLINE DATABASE OF TERRITORIAL COOPERATION PROJECTS AND BENEFICIARIES

INTERACT has developed an easily searchable and thematic referenced database of territorial cooperation projects and beneficiaries called **KEEP**. **KEEP** is the only source of aggregated information regarding projects and project partners of EU programmes dedicated to cross-border, transnational and interregional cooperation in Europe: Interreg, Interreg IPA CBC and ENPI CBC.

Currently the database encloses projects financed under 2000-2006 and 2007-2013 programming periods and will also include the 2014-2020 period.

KEEP allows you to search projects and project partners by country, theme and keyword, among other criteria. Results can be exported as spreadsheets, maps or charts.

Check in KEEP information regarding the European Union Strategy for the Baltic Sea Region (EUSBSR).

Since May 2015 KEEP encloses EUSBSR projects. Besides information regarding EUSBSR projects, the KEEP database links each project to its priority (policy) area or horizontal action. It classifies each EUSBSR project as a flagship project, part of one or a project in line with the Strategy.

You also have the possibility to search for EUSBSR projects and partners using any combination of 42 thematic keywords and four themes.

KEEP INCLUDES NOW EUSBSR PROJECTS

KEEP CAN HELP:

- ▶ GET AN OVERVIEW OF TERRITORIAL COOPERATION PROGRAMMES AND PROJECTS
- ▶ FIND RELEVANT PROJECT PARTNERS
- ▶ FIND OUT ABOUT SIMILAR PROJECTS IN DIFFERENT THEMATIC FIELDS
- ▶ PROMOTE PROJECTS
- ▶ EXTRACT DATA FOR REPORTING
- ▶ IN RESEARCH OR FOR STATISTICAL PURPOSES
- ▶ DEVELOP CAPITALISATION STUDIES
